A CROSS MARK.—In future we will make a cross mark on the margin of our paper, as a notification to all patrons whose time of subscription has expired. Look out for the cross mark and renew your subscriptions at once.

"CLARKSVILLE CHRONICLE" FOR SALE.

The undersigned, desiring to quit the publication of their paper, offer the Chronicle printing material and stock for sale. The office is well supplied with type of every description, most of it new, for a large paper and every kind of job work that is done in a place of this size. We have three presses, one of them a Dugger Jobber, lately purchased.

The Chronicle has been in existence for a great many years, the present proprietors having had it since October, 1877. Its subscription is equal to most country papers, and being the only paper here of the Democratic faith, and the town being surrounded by a large, rich section of country, we think it is one of the best locations for a paper in the State outside of Nashville and Memphis. Any one wishing to buy, can learn terms, etc., by addressing:

SEYMOUR & GRANT.
Our brethren of the press will confer a favor by calling attention to the above.

DEVISE SERVICE.—A discourse will be delivered next Sunday night (the 13th) in the Christian church, on the divine authority of the Christian Religion, by J. E. Myers, the regular preacher. The public are especially all skeptics are invited to attend.

The company of U. S. troops that have been stationed here for several weeks, are to return to Nashville on the steamer Tyrone, Sunday next.

PATENTS.—In the list of patents granted to Southern inventors, we notice that our townsman, R. W. Humphreys, Esq., received one for a steam generator.

CHANCELLOR.—J. O. Shaeffer, of this city, has been commissioned by Brownlow a Judge of the Supreme court of this State.

THE LOUISVILLE AND NASHVILLE RAILROAD COMPANY have, it is said, just negotiated a loan for \$8,000,000, to buy up small tributary companies.

ORPHAN ASYLUM.—We are requested by the board of managers to say to all, in both town and country, that any donations of meat, meal, flour, vegetables, or any article of consumption for family use, will be thankfully received in behalf of the Orphan Asylum. All donations sent to Billy Brinkhurst, at his grocery, will be properly attended to. Let not this appeal be made in vain.

AMATEUR CONCERT.—A concert will be given at the Railroad Hotel, in this city, on Monday evening next. It is for the benefit of Capt. Dyer, a Confederate officer who lost his eyesight in the service. Having assurance that his sight can be restored, the object of the concert is to raise the means to defray the expenses to be incurred. The concert will be under the direction of Prof. Herblin and daughter, assisted by Messrs. Bloch, Dr. Wright, Capt. Valliant, and other amateurs. We hope the citizens will liberally patronize an object so worthy of their warmest sympathies.

PERSONAL.—We met our esteemed friend, Prof. J. W. RUST, editor of the Western Recorder, Louisville, Ky., in the city a few days since. His editorial labors seem to be suited to him, and we are truly gratified to notice the great improvement in his health. Success to him and his excellent paper.

REV. J. R. PLUMMER, the preacher in charge of the Methodist church, in this city, for the ensuing year, delivered his first sermon on last Sabbath. As far as we heard, his sermon gave general satisfaction, and we believe that both congregation and pastor are pleased. Mr. Plummer is an affable, refined christian gentleman, one calculated to make friends outside of his denomination.

REV. J. R. THOMPSON, who has charge of New Providence station and South Clarksville, preached at South Clarksville church last Sunday. We did not have the pleasure of hearing him, but understand that the congregation who worship there are well pleased with him.

J. E. BROADBENT, of the firm of Robb & Broadbent, has just returned from New York and brought with him a large, well assorted stock of goods, which he intends to sell at remarkably low rates. Jack Whitaker and Tom Manson are the clerks in this house, and are well known for their courteous demeanor and prompt attention to business.

We learn that our esteemed friend, B. S. GUNN has taken a situation in the large wholesale dry goods house of Jaquess, Hulsbush & Co., No. 10, North First street, Evansville, Ind. Mr. Gunn is an accomplished, christian gentleman, and a first rate clerk. He is a loss to our community but a gain to Evansville.

LAW FIRM.—By reference to their card it will be seen that Hon. G. A. HENRY has taken our young friend, H. L. HARTS, into partnership with him in the practice of law. Of Mr. Henry it is known everywhere that he is talented and eloquent lawyer. Mr. Harts is a young and talented, full of energy and perseverance. We wish them a prosperous future.

From the reports of the Tennessee Conference we give in a condensed form:

That commissioners be appointed by Conference to confer with the friends of the church in this place, for the purpose of seeing whether Stewart College can be bought for the use and benefit of the Tennessee Conference.

The Sunday School report shows that there are 408 scholars, 381 superintendents, 2,626 teachers, 18,721 scholars, 34,291 volumes in libraries, 3,308 copies of Visitor taken, and \$2,692 \$0 expended.

The American Bible Society, with its 2,032 auxiliaries, printed, during last year, 1,305,347 volumes of the Scriptures, and besides selling nearly a million copies, its donations amounted to 105,179, worth \$33,285.06, of which 162 volumes were in raised letters for the blind. During last year 605,357 families were visited by distributing agents, 84,707 of which were destitute of the Scriptures.

COULTER, MOORE & Co., dealers in general Hardware, have a new and complete stock. They are offering the Avery Plow as cheap as it can be bought in Louisville. Call and examine their stock.

GREENLAND.—Our friend, Bob Greenland, of the firm of Turnley & Greenland, returned from a business trip to Kentucky yesterday. Speaking of the rage for the Grecian Bend in that part of the country, he says an old lady who was anxious to have her daughter "up in the fashions," and not knowing exactly how the "bend" was made, adopted the following plan: She procured a mustard plaster, which she placed upon the small of her back to draw it out, then applied a bandage of chestnut burs below the pit of the stomach to draw that portion of the body in, and then placed upon her feet a pair of shoes about an inch too short, with laces in the heels, then placing a horse radish in the young lady's mouth to throw the chin back, she walked forth in all the pomp and glory of the most aristocratic Grecian Bend.

DICHARGES IN BANKRUPTCY.—The following gentlemen got their discharges from the Bankrupt Court during the week ending November 7, 1892:

Michael Matill, Montgomery co. T. D. Smith, Montgomery county. James P. Wells, Maury county. James V. Hay, Davidson county. W. M. Roman, Davidson county. Daniel McAlpin, Williamson co. Thomas A. Young, Wilson county.

E. S. BRINGHURST & Co., keep their patrons posted by advertising. If you want a Virginia buggy or Bodley wagon, call on them, at their shop on 2d street, and be supplied.

CANNED FRUITS.—We are under obligations to B. C. Felt, Esq., fruit grower, for a couple of casks of his fine Peaches. Persons wishing to indulge in such luxuries, can be supplied by calling on W. A. Settle.

DROWNED.—We regret to learn that our old friend Davie Laughren, of this county, had two valuable mules drowned at the seven mile ferry, on Wednesday evening last. We hear that no blame is attached to the ferryman.

THE BULLETIN claims that San Francisco has now a population of 163,000. One hundred thousand bushels of peanuts were raised in North Carolina this year.

At least "fifty thousand" men—says the St. Louis Republic—"true men, loyal men, good citizens and mostly tax-payers" have been disfranchised in Missouri.

IMPORTANT INSURANCE DECISION.—The New York Court of Appeals, the highest judicial tribunal in the State, has decided that suicide does not vitiate a life insurance policy. The American Mutual Life Insurance Company refused to pay the widow of Marcus W. Gibson the sum for which his life had been insured because he committed suicide. The court reaffirmed the decision of the lower courts that the policy must be paid. The company attempted to prove that Gibson was an atheist or infidel, and therefore that the suicide was intentional, the deceased not having the fear of God before him; but the court ruled out this as irrelevant, and held that in an action to recover for an insurance upon the life of the deceased, it is incompetent to inquire into his religious faith with a view of influencing the question whether, in such case, death was occasioned by an intent of self-destruction or of accident.

Tobacco Culture in Virginia.—From information received from the principal tobacco growing regions of this State and North Carolina, it is painfully apparent that the cultivation of our great staple, tobacco, is so rapidly declining that it will probably be wholly discontinued because of the low prices. Southern planters in Virginia and North Carolina, who last season planted immense crops of this staple, have realized enormous losses on their crops, and will plant no more hereafter until it shall become less ruinous to do so.—Richmond Enquirer.

A Family Reunion After Thirty-Five Years Separation.

The Hon. Dorsey B. Thomas and four of his brothers passed through the city on Tuesday en route for their old home in Williamson County, where they were to meet four other brothers and three sisters, from whom they had been separated for the past thirty-five years. Five of the brothers are from Haywood County, one from Johnsonville, one from Tennessee, and two occupy the old home.

One sister from Arkansas, one from Tennessee, and the third lives in Williamson. All the brothers are said to be in good health and fine looking, and the sisters quite handsome. They expect to remain in Williamson County one week. We wish them a happy reunion.—Nashville Banner.

REVENUE NEWS.

Since our last report we have had quite a rise in the Cumberland, but at present it is falling slowly with a frost on shore.

Friday evening last the steamer Havana arrived, and contrary to all expectations passed over the shoals without even using a lighter. She passed down on Monday night with a good trip, adding at this place considerable freight.

Another one of our regular Nashville and Cairo packets, the Tallman, has taken her place in the trade, with "Dan Rice, No. 2" on the roof, and our old friend, Capt. Ben. F. Egan, in the office. She leaves this place for Cairo and all points below every Sunday morning.

The steamer Empire, Ella Hughes and Alpha laid up at Nashville, waiting for a rise sufficient to enable them to enter the upper trade.

In consequence of heavy frosts, the Tyrone did not get down until about noon Wednesday. She was detained here until 6 o'clock taking on flour and tobacco.

The Fanny Brantley leaves here every Saturday evening for Evansville and all points on the Ohio, instead of Friday as we stated in our last report, and persons wishing cheap transportation and quick time, should do well to patronize the Fanny, as she is bound to have "the horns."

The Emma Floyd from Cincinnati is due to-day, and will be down about Monday noon. She has a live "Ku Klux" in the cockpit and all parties who have freight to ship, see it without extra cost.

The A. Baker leaves this morning for Cairo, Memphis and St. Louis at 6 o'clock. The election of Grant or "some other terrible calamity" has made roads on freight to southern ports advance considerably in the last few days.

On Flour to New Orleans it is 5c per bbl. On Tobacco to " " 80c " hhd. On Flour to Memphis, " 5c " bbl.

PATENTS.—The following patents were granted to Southern inventors for the week ending October 27, 1892, as reported by F. Smith, solicitor of patents, K. Williams' block, Memphis, Tenn.:

Harvester, mke, Phillip Ammerman, Seeding machine, N. A. Clifton and John S. Clifton, Paquett, Va. Device for sharpening saws, David Huff, mke, Luray, Va.

Plant protector, J. M. Humphreys, Clarksville, Tenn. Hydraulic press, J. B. Tunstall, Boydton, Va.

Rose coupling, Henry C. Bull and Sam'l T. Shelby, Louisville, Ky. Paper mill, Thos. Depp, San Marcos, Texas.

Shovel plow, W. B. Evans, Braden county, Ky. Rotary Steam Engine, G. W. Goodwin, Petersburg, Va.

Smoke stack for Locomotives, J. A. Just, Savannah, Ga. Paper mill, Harsh Ney and Henry Hoff, Alexandria, Va.

Cultivator, W. B. Rutman, Big Lick, Va. Harvester, Miles J. Wine, Long Glade, Va.

ENTERPRISE.—A company of Northern capitalists are now building a stern-wheel steamer at Dover, Stewart county, on the Cumberland. It will be the largest ever put afloat upon the Cumberland, being one foot longer and other ways proportionate. We have been told that the timber in that section is of the finest quality for boat-building. The immense forests of that section may yet become a great source of revenue. Instead of carrying lumber such great distances for boat-building it would be comparatively cheaper to establish docks where the timber is at hand.—Press & Times.

The WILLCOX & GIBBS SILENT Sewing Machine
—Is the—
Best Sewing Machine in the World!

And is sold at Less Price than any other First-Class Sewing Machine.

It does not require but ONE cloth plate for all kinds of goods, and that one does not require to be taken off to oil the Machine.

It makes but one stitch—that one the strongest known—therefore requires less machinery and is more easily learned than any other Machine.

It never "drops" nor "skips" a stitch. It never gets out of order.

We make a liberal discount to Clergymen and Charitable Institutions.

General R. E. Lee, writing under date of January 12th, 1892, says: "It is simple mechanism, and the experience my daughters have had in operating it, make me feel that it is the best Sewing Machine in the world."

This statement, it will be observed, is made upon "experience." General Lee had had the machine 8 years.

Why is the Celebrated Bodley Wagon

sold by E. S. Brinkhurst & Co., superior to any other wagon in use? Because it is the best in the world.
